Service Reflection Questions

Your Name _____ Date of Service _____

Name of Event _____ Location _____

Contact Person _____ Phone/Email _____

1. Using complete sentences, summarize the details of your service experience. Include a description of what you did, who you served and any other important details of the experience.

2. Write a paragraph describing how you felt after you completed your service experience. Include details about what you liked or did not like about the experience. Be honest with yourself as you respond. Some service experiences can be emotional and tiring, and some are fun and exciting. If you are struggling try this format:

   After spending time at ___, I felt _____ and _____ because _____. Then, add details.

3. Finally, write yourself a two to three sentence not from Jesus. We know that we were made for greatness and called to serve others. If Jesus could send you a note regarding this experience, what do you think Jesus would say to you? Would Jesus thank you for the work you completed, ask you to adjust your attitude, ask you to return to the experience in the future, or ask you to reach out to others?

As you complete this reflection paper, remember to be honest about your experiences. We grow in many ways when we serve others. Do not worry about a right or wrong answer. Do your best and reflect on your experiences. Hopefully, you will discover your gifts from God as you serve others.
